Grade Scheme

COM	NCG
Completed to the defined standard – 70% and higher	No credit granted – less than 70%

Evaluation Notes Comments:

Students are mentored by the supervising dentist and staff of the practicum office.

Students should show sufficient progress and competency of skills so that a complete grade for the practicum can be assessed.

When the supervisor's assessment, observations, and/or comments are such that an instructor in the CDA Program is of the opinion the student's performance is substandard, it will be investigated and the student may be recommended for probation or suspended from the clinical practice.

Examples of substandard performance requiring probation include, but are not limited to:

- Repeated inaccurate clinical judgments
- Inability to perform basic competencies safely
- A pattern of very inconsistent performance or regression of competencies previously learned
- Persistent lack of interest or conduct unbecoming to the Certified Dental Assistant's role
- Chronic or repeated inability to perform basic and critical competencies
- Lack of attendance

The grade for the practicum will be determined by the instructors of the CDA Program after reviewing the practicum form and consulting with the student and the practicum supervisor.

Students who receive an unsatisfactory report on their first practicum will not be able to continue in the program.

Note: Performance of illegal skills while on practicum is grounds for immediate dismissal from the Certified Dental Assisting Program.

Exam Attendance:

Students must attend all scheduled exams at the appointed time and place. Instructors may approve an alternate exam to accommodate an illness or personal crisis. Department heads will consider other written requests. Any student who misses a scheduled exam without prior approval will receive a "0" on the exam.
