

KNES2 – Kinesiology Diploma

Health and Human Services

Effective Term & Year: Fall 2022

Program Outline Review Date: 2025-03-01

Program Area: Health

Description:

The Kinesiology Certificate and Diploma programs are the ideal option if you enjoy learning about the science of the body and human movement or are pursuing a career as a fitness instructor, personal trainer, an athletic trainer or coach, a physical therapist, a practicing kinesiologist, sports psychology consultant or a teacher (further post-secondary education may be required). Students who complete two full years of study may transfer into third year studies at select post-secondary institutions in BC and Alberta. In addition, students have opportunities to receive additional industry required credentials within the various courses in the Kinesiology program.

Program Information:

Industry Credentials:

Students in the diploma program may have the opportunity to obtain industry certifications such as:

- Canadian Society for Exercise Physiology (CSEP) – Certified Personal Trainer (CPT)
 - Canadian Fitness Education Services – (CFES) Fitness Knowledge
 - CFES Weight Training Instructor 1
 - National Coaching Certification Program (NCCP) Modules
 - CPR-C and Emergency First Aid
 - SportMedBC Sports Aid Certificate
-

Credentials Granted:

Students can be admitted into a one-year certificate program or a two-year diploma program. Students in the two-year diploma program may be awarded a certificate after completing all first-year requirements of the diploma program.

The Kinesiology Program Diploma is awarded on successful completion of all requirements of the diploma program. (60 credits)

Minimum Course Grade: A minimum grade of D

Program Average: A minimum program grade point average of 2.0/10 (C- average)

Delivery Methods: On-Campus (Face-to-Face), Blended (Hybrid)

Credits: 60

Grand Total Credits: 60

Program Completion Requirements Notes:

A grade of "D" grants credit, but may not be sufficient as a prerequisite for sequential courses.

***Note:** Students wishing to attempt the external certification exams and become a Canadian Society of Exercise Physiology-Certified Personal Trainer (CSEP-CPT) must take KNES 270 and complete the kinesiology diploma.

If a student's goal is to get the diploma in two consecutive years, then they should follow the prescribed course sequences as presented above for each semester. There are no guarantees that a course will be available without schedule conflict if a student takes courses out of the prescribed order.

Electives should be chosen according to further post-secondary requirements or career/personal interest. For example, STAT 106 is required in some Kinesiology degree programs.

Each elective must be a university transferable, 3 credit course.

Flexible Assessment: Yes

In some cases students may be able to apply for recognition of prior learning outside the classroom. This flexible assessment process provides equivalent course credit. It is a rigorous process that may include external evaluation, worksite assessment, demonstration, standardized test, self-assessment, interview, products/portfolio, and challenge exam, or other measures as appropriate. Tuition fees apply. Contact an education advisor for more information.

Program Transfer Credit:

For information about block transfer agreements between programs in British Columbia, Alberta, and elsewhere, please visit <http://www.cotr.bc.ca/transfer>.

To minimize transfer issues, check with an academic advisor at the institution that will receive the transfer credits.

Academic Policies:
